

My impression on

CAMPUS-Asia, KU, Student exchange program, aiming double degrees (master course) in the field of Energy and Environmental Science and Technology (EEST)

- Name : Zhu Lixin
- Nationality: China
- Course: Graduate student enrolled in EEST courses in two Universities,
Department of Energy and Environmental engineering,
Interdisciplinary Graduate School of Kyushu University
and
School of Mechanical Engineering, Pusan National University

Activities During Campus Asia Program

Period	University		Remark
2014.03 - 2014.09	Pusan National University		Graduate course, Mechanical Engineering Energy System Research: Offshore wind turbine
2014.08. (2 Weeks)	Shanghai Jiao Tong University		Summer School (Lectures, Seminars, Experiments)
2014.10 - 2015.02		Kyushu University	Intern. graduate course, Energy and Environmental Sci. & Tech. and Dept. of Earth System Science and Technology Research: Offshore wind turbine
2015.03 - 2015.07	Pusan National University		Lectures and Lab works for thesis
2015.08. (2 Weeks)	Pusan National University		Summer School (Lectures, Seminars, Experiments)
2015.09 - 2015.02	Pusan National University		Lectures and Lab works for thesis
2016.02	Graduation		Normal graduation (2 Years)
2016.03		Graduation	Graduation with shortened period (1.5 Years)

➤ Impression of Japan

- Clean everywhere; town, streets
- Serious and earnest about whatever doing

-- Goods designed by Kenya Hara and
sold by Mujirushi-Ryohin

➤ Impression on CAMPUS Asia

With participating students from
KU, PNU and SJTU in Summer School

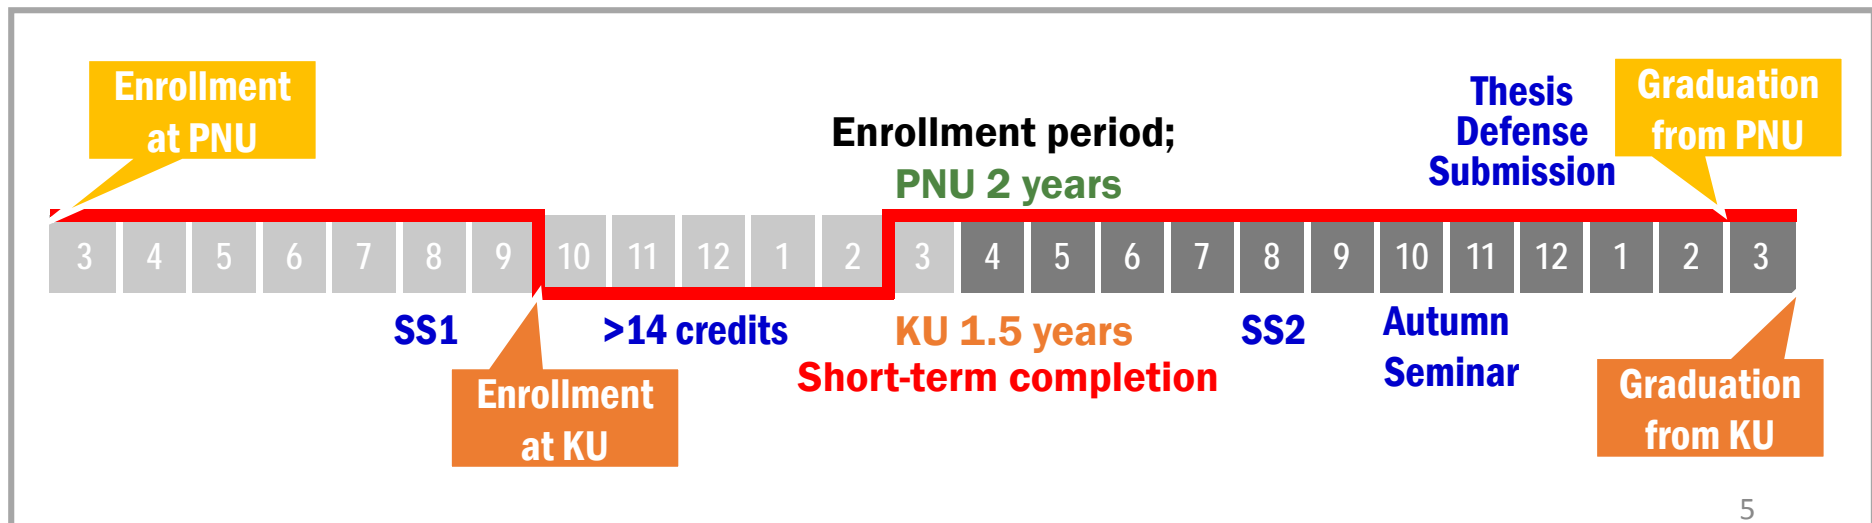

- Precious opportunity for communication
 - Academic, language, Culture
- The schedule in KU, SJTU, PNU arranged properly by CA program
- 2 years double degrees - incredible

Problem - Institutional difference

	Mon	Tue	Wed	Thu	Fri
8:40-10:10	Energy science				
10:30-12:00		CFD	Modeling		Solar energy
13:00-14:30	Fossil Energy			Mathematics	
14:50-16:20	English	English	English writing		
18:00-19:30			Japanese	Japanese	

- We DD students have to work so hard.
In my case, 11 courses in one week!
Not enough relaxing or free time.

Group Photo at Summer School at Shanghai Jiao Tang University in 11-22, Aug. 2014

In addition to studies on EEST, all students had nice time, together with all lectures, professors and staff member, exchanging ideas, opinions , dreams etc. among different countries, age groups, professions, sexuality and so on.

Thanks for your attention !
