The attainment level of the goals of the National Institute of Technology, Toba College is satisfactory in the area of Institutional Thematic Assessment, Theme B: Community Outreach.

The review committee has identified the following best practices in the area of Institutional Thematic Assessment B:

- 1) The College provides such learning opportunities as on-site lectures and open courses and conducts marine education activities in collaboration with non-profit organizations. It also makes regional contributions through technical support utilizing information technology, with notable outcomes including developing a waste sorting website under a comprehensive cooperation agreement with Toba City. It collaborates with students from the National Institute of Technology, Suzuka College to design a special coronavirus website for Mie Prefecture, which was adopted by the prefectural government. With these activities also being incorporated into graduation research, creative experiment classes, and project-based learning (PBL), the College takes advantage of its distinctive research approaches to contribute to regional activities.
